Glory Global Solutions is a World Expert in cash management, delivering technology and solutions that provide security, productivity and innovation to our customers. These solutions are supported by the technical expertise of GLORY Group of Japan, the pioneer in development and manufacture of money handling machines across the financial, retail, vending machine, amusement and gaming industries for nearly 100 years.

Across the world, Glory Global Solutions is trusted by thousands of organisations to ensure their cash is managed securely and efficiently whilst delivering the ultimate in productivity. 2,500 professionals, including over 1,300 service and support staff and 350 business partners cover over 128 countries delivering these solutions – wherever money moves.

CI-10 – Technical Information

CI-10

The compact cash recycling system CI-10 which consists of a banknote recycler (CI-10B) and a coin recycler (CI-10C) can be applied to various markets: bakeries, shops, supermarkets, and hypermarkets, etc. The CI-10 integrated into an existing POS system enables automated cash handling, improves security, staff productivity, customer service and fund efficiency. The CI-10 is stylishly designed with straight lines, it can be easily integrated into cash desks and self-checkouts. A "Follow me" LED sign assists the customer to operate the system independently and comfortably. If the CI-100 cash recycling system is added, the CI-10 and CI-100 offer a secure closed cash management solution. A stacking collection cassette is also available in case the CI-100 is not part of the system.

- **Data interface protocol:** SOAP over HTTP(S)

- **Data interface port:** LAN

	CI-10B (banknote recycler)	CI-10C (coin recycler)

Secure closed cash management with CI-100

The interface cassette of the CI-10 enables secure closed cash management (possible with CI-100).

Stylish design and "Follow me" LED sign

Easy integration into cash desks and self-checkouts and intuitive operation for any customer.

Exit shutter

Avoids handing over partial change to a customer in the event of an incomplete dispense due to jamming / inventory issues.

Error recovery animation

If an error occurs, the POS screen can show a troubleshooting animation to resolve the problem.

CI-SERVER, cash management software

The CI-SERVER, which can be operated via a web browser, offers centralised cash management.
